

PhD SCHOLARSHIP OFFER

INSTITUTO DE MICROELECTRÓNICA DE SEVILLA (IMSE-CNM)
CSIC / UNIVERSIDAD DE SEVILLA

A scholarship is offered for pursuing a PhD in the context of IST for healthcare. The scholarship is granted by the following government funded project:

INTEGRATED PATTERN-ADAPTIVE OPTICAL NEUROSTIMULATOR WITH MULTISITE RECORDING ARRAY (TEC2016-80923-P)

Candidates should have a Bachelor degree in any of the following disciplines:

- Telecommunications Engineering
- Electronic Engineering
- Physics (with emphasis in Electronics)

and have completed a Master degree in an affine area.

The official call for candidates can be found in BOE-B-2017-53218.

The period for submitting applications commences on October 3 and finishes on October 18, 2017, by close of business (15:00 pm GMT+1).

Applicants must send their CVs to the PI of the grant project, Dr. Manuel Delgado-Restituto (Manuel.Delgado@imse-cnm.csic.es).
